Addendum Number Two

Proposal Title: MEADOWS FIELD AIRPORT WILDLIFE HAZZARD ASSESSMENT

RFP Opening Date: May 3, 2010

1. Clarification to question number 14 of Addendum one.
After further review with the FAA, the decision has been made to exclude any and all requirements to provide a cost estimate or cost breakdown during this phase of the process.
2. As a follow-up to question number 17 of Addendum one, does the two required monthly visits have to be one week in duration for each visit?
The FAA has indicated that the time for each visit is determined by the required objectives of the assessment. Each visit must be long enough to insure that all assessment criteria are met and that all required information is gathered.

The requirement here is that the information is gathered twice monthly throughout the assessment period.
